

Protect your solar array from squirrels, birds and rodents.

- Protect your solar array from squirrels, birds and rodents.
- Constructed from stainless steel, the J-Hooks and black PVC – coated, welded mesh help prevent rodents from damaging the array's wiring, and birds from building nests under the solar panels.
- J-Hook easily attaches to the solar panel frames.
- Stainless steel washers will firmly hold wire mesh screen to the modules.
- Installs quickly and easily using only pliers.
