

## BURNDY Announces Addition of WEEB-M-KR

BURNDY®, a leading manufacturer and provider of bonding and grounding solutions to the Solar PV industry, announces the addition of the new WEEB-M-KR to their Wiley line of products. The WEEB® washer (Washer, Electrical Equipment Bond) is designed and manufactured to exceed industry standards to deliver maximum reliability.

The WEEB-M-KR is an innovative design, which was created to make installation time quicker and easier. The WEEB-M-KR slides on, and can be pre-installed onto the mid-clamp by hand and bonds module to module. Currently the WEEB-M-KR is compatible with the Kinetic Solar K-Rack. Custom solutions are available upon request. There are several different designs of the WEEB® washers to accommodate multiple systems. The overall functions of the WEEB® washers are to bond PV modules to racking or other components of the racking system to each other.

Catalog #	Item #
WEEB-M-KR	50039376

- Custom Wiley WEEB® mid-clamp design for Kinetic Solar's K-Rack
- Can be pre-installed by hand onto mid-clamps
- WEEB-M-KR bonds module to module
- Innovative labor saving design that allows for quick and easy installation
- Corrosion resistant 304 stainless steel provides outstanding durability and performance
- ETL Listed to UL 467 as Grounding & Bonding Equipment
- UL Recognized to Subject Standard UL 2703
- Certified to CSA Std C22.2 No.41
- RoHS Compliant
- Lasts for lifetime of the solar system
- Reusable
